

ASHKAN ZAHABIUON

contact@ashz.org (704) 430 - 1026 [linkedin.com/in/ashkan-zahabiun](https://www.linkedin.com/in/ashkan-zahabiun)

EDUCATION

NORTH CAROLINA STATE UNIVERSITY

Master of Computer Science

Raleigh, NC

May 2026

Master of Business Administration (MBA)

May 2028

UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE

Bachelor of Science in Computer Science, Minor in Computer Engineering

Charlotte, NC

May 2025

- Graduated with 3.84/4.0 GPA; awarded Dean's and Chancellor's List honors

EXPERIENCE

REACT STUDIOS

Senior Software Engineer

Remote

Aug 2025 - Present

- Spearheaded product feature development and system infrastructure utilizing Bun, Luau, and Firebase, scaling backend performance to support 700 concurrent users (CCU) and 4M+ total visits
- Optimized user experience architecture and cross-functional deployment workflows, boosting platform engagement and operational stability

MOUNTAIN INTERACTIVE LLC

Software Engineer

Los Angeles, CA

Oct 2020 - May 2025

- Engineered interactive, large-scale Lua frameworks with custom networking libraries for high-traffic environments reaching 2M+ visits and 310K+ community members
- Defined data feature requirements and collaborated cross-competency to drive seamless feature rollouts and data telemetry tracking

MOUNTAIN INTERACTIVE LLC

Software Engineering Intern

Austin, TX

Jun 2022 - Aug 2022

- Scripted and tested interactive prototype features for a demo project using TypeScript, PHP, and Luau
- Supported deployment and infrastructure tasks, gaining exposure to DevOps workflows and networking basics

PROJECTS AND LEADERSHIP EXPERIENCE

NORTH CAROLINA STATE UNIVERSITY

Independent Researcher - Medical Devices & Computer Engineering

Raleigh, NC

Jan 2025 - Present

- Conducted independent study focused on medical-device-oriented engineering spanning embedded systems
- Applied systems thinking across hardware and software integration, experimentation, and technical documentation

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

Lead Researcher - Adaptive Power Management in O-RAN Systems

Raleigh, NC

Aug 2024 - Present

- Built a KPM-driven power-control xApp for the Near-RT RIC dynamically adjusting resource allocation
- Demonstrated 18.3% energy savings during idle conditions while maintaining comparable performance under load

UNC CHARLOTTE

Embedded Systems Developer - MSP430

Charlotte, NC

Jun 2024 - Aug 2024

- Implemented UART serial communication and ADC reading to send live analog sensor data along with

ADDITIONAL INFORMATION

Computer Skills: Java, C++, Python, TypeScript, JavaScript, PHP, Lua, C, C# (.NET), React, Firebase, UART, ADC, GPIO, PWM

Languages: Farsi (Bilingual)

Interests: Piano performance (8+ years), embedded systems tinkering, game development
